KLIQIT GROUP COUNTER

Designed in **CANADA** Made in **INDIA**

Kliqit Labs was started in 2019 by experienced industry veterans who also happen to be good friends and co-investors in multiple ventures. The company is focused on building Bluetooth Low Energy (BLE) based hardware and software solutions. The company maintains offices in India and Canada. The hardware and software components were designed in Canada and manufactured proudly in India. The company's culture is based on a passion for technology and solving problems.
